## Frequently Asked Questions About GCPS' Parent Portal

### What is the Parent Portal?

Gwinnett County Public Schools' Parent Portal offers parents and guardians online, timely, and secure access to their child's grades and attendance. It also includes details on the child's discipline record and test history. In a nutshell, the Parent Portal is an easy-to-use communication tool that allows you to take an even more active role in your child's education.

### How do I sign up?

Complete the registration form available at your child's school. You must return this form in person to allow the school to verify your identity.

- **If you have an e-mail address:** Your e-mail address will serve as your user ID. A few days after returning the form, you will receive an e-mail with the URL for the Parent Portal, directions for activating your account, and a multi-digit number or token that is specific to your child. You will create a password when you complete the online registration.
- **If you do not have an e-mail address:** GCPS will generate a random, 13-digit user ID for you. You will be provided with your user ID, the URL for the Parent Portal, and a multi-digit number or token that is specific to your child.

To complete the registration process, go to GCPS' Parent Portal at [go2.gwinnett.k12.ga.us](http://go2.gwinnett.k12.ga.us). Click on "Register New Account." In the space provided, enter your e-mail address or GCPS-assigned user ID, select the student date of birth, and copy and paste or enter your child's token. Once you answer questions validating your role as parent/guardian and complete the user agreement, you will be granted access to your child's information through the portal. (Note: You must register each child in your family separately, using the token specific to that child.)

### What is required (software/computer) to connect to the Parent Portal?

- A computer with an Internet connection
- An updated web browser (list of supported browsers available in the Parent Portal section of GCPS' web site, Internet Explorer version 6 or higher recommended)
- A user ID— either your e-mail address or a GCPS-issued user ID
- The password you create during the registration process
- A token (multi-digit number) specific to your child. If you have more than one child attending school in Gwinnett, you will register for each child with a different token. With your token, you will receive complete directions for adding additional students to your account.

### What can I see on the Parent Portal?

Parents and guardians can access the following information from the home page of the Parent Portal: Attendance, Grades, Course History, Test History, Schedules, and Discipline.

### Are my child's records available for others to see?

No. Only authorized users (parent/guardian) with a user ID and password have access to a student's records. We ask that you keep your user ID and password confidential.

### Are grades posted for all grade levels and for all classes?

Current grades for students in grades 2–12 will be posted daily as they are updated by your child's teacher(s). Grades for non-core classes (art, music, PE, etc.) and some special programs may not be recorded until the end of the grading period. Current year course history is available for elementary and middle school students. Full high school history (grades 9–12) also is available for high school students.

**What URL address do I use to access the Parent Portal?**  
[go2.gwinnett.k12.ga.us](http://go2.gwinnett.k12.ga.us)

### What should I do if I forget my user ID or password?

- **If you have an e-mail address:** On the log-on page, click on the link labeled "Forget your password?" Another page will display. Enter your e-mail address. If the e-mail address is on file for the student number, your account information will be e-mailed to you. If you are unable to reset your password after completing these steps, contact your local school's main office.
- **If you do not have an e-mail address:** Contact your local school's main office.

### How can I get help navigating the portal?
