Accountability and flexibility are hallmarks of Gwinnett County Public Schools' success. Key to that success is ensuring that each school community understands the progress being made by its schools, as well as what plans will drive improvement. Each school creates a collaborative Local School Plan for Improvement (LSPI), with targeted goals based on student achievement results. These goals are dynamic, like our schools, and are updated to reflect changes that occur in schools. Data is used to determine areas needing improvement and to identify specific, measurable, annual objectives. Schools then determine how to use research-based strategies to achieve these goals, using flexibility as needed. The LSPI development process involves teachers, parents, and community members, so the entire school community has the opportunity to be involved in conversations about school improvement. Please contact the principal to see the detailed implementation plan designed to achieve the following objectives.

Key Objectives 2009-2010 Local School Plans for Improvement

**Objective:** Each Mill Creek student will demonstrate improved competency in reading, writing, and increased exposure to culture and literature across all GCPS core curriculum areas. Particular emphasis will be placed upon Mill Creek subgroups in ELL and SWD.

**Objective:** Each Mill Creek student will increase academic performance in Mathematics. Particular emphasis will be placed on both interventions and instructional strategies for African-Americans, Students with Disabilities, Hispanics, and ELL to either meet or exceed annual targets. Improvement strategies will include Math Support Tutorials, basic math skills, and problem solving for the identified sub groups.
