Accountability and flexibility are hallmarks of Gwinnett County Public Schools' success. Key to that success is ensuring that each school community understands the progress being made by its schools, as well as what plans will drive improvement. Each school creates a collaborative Local School Plan for Improvement (LSPI), with targeted goals based on student achievement results. These goals are dynamic, like our schools, and are updated to reflect changes that occur in schools. Data is used to determine areas needing improvement and to identify specific, measurable, annual objectives. Schools then determine how to use research-based strategies to achieve these goals, using flexibility as needed. The LSPI development process involves teachers, parents, and community members, so the entire school community has the opportunity to be involved in conversations about school improvement. Please contact the principal to see the detailed implementation plan designed to achieve the following objectives.

Key Objectives 2009-2010 Local School Plans for Improvement

**Objective:** Magill Elementary School will increase academic performance in Mathematics for all students with an emphasis on Students with Disabilities and English Language Learners to meet and/or exceed annual targets through: increased participation in county provided staff development opportunities, Math Institute, employing a local school Math Coach to work with teachers to develop Quality Plus Teaching Strategies, providing Math Specials modeling hands-on, active and engaging lessons, implementing the Innovative Math Model, and utilizing the Math Department of Gwinnett County Public Schools.

**Objective:** Magill Elementary School will increase academic performance in Reading/Language Arts for all students with an emphasis on Students with Disabilities and English Language Learners to meet and/or exceed annual targets through: implementing research based best practices, utilizing Quality Plus Teaching Strategies, employing a local school Literacy Coach who will model active, hands-on engaging lessons, providing various staff development opportunities, and applying Guided Reading and Writer’s Workshop strategies at all grade levels.

**Objective:** Magill Elementary School will increase academic performance in Science for all students with an emphasis on Economically Disadvantaged Students, Hispanics, and Students with Disabilities to meet and/or exceed annual targets through: county wide science staff development, collaborative planning, and data review meetings.
